

Important Phone Numbers

Before and after the storm, you will be notified of campus status and other pertinent information through a variety of communication mechanisms, including the Rollins Web site, broadcast e-mail and voice mail messages and television screen messages (*R-TV* network). Unless electrical power or electronic communication is unavailable following the storm, the Rollins Web site will be the official source for information. Students, faculty and staff should also stay tuned to local media outlets, especially Channel 13, Orange TV (tune to channel 9 on cable) and WDBO radio (580 AM or <http://580wdb.com/>) for updates and information.

Please note: Following the storm, phone updates will be made on (407) 646-2000, which is accessible to general callers to the campus. This main number to the campus becomes the *Rollins Information Hotline* in an emergency. Should telephone and electronic communication be interrupted, informational fliers will be posted on bulletin boards around campus, in the residence halls, and at entrances to key buildings. Rollins' WPRK radio (91.5 FM) will air information for the City of Winter Park and the campus community.

Other important phone numbers that may help you are:
